

RAPID SCALABLE CAMP SOLUTIONS

WHO WE ARE

Topcamps is a **privately owned** business, **powered by** one of Western Australia's most trusted and proven mining industry leaders, **Topdrill**.

With over 20 years experience in the mining industry, we have the in-house knowledge and expertise to manage the design and delivery of transportable buildings suitable for a wide range of applications.

WE UNDERSTAND YOUR NEEDS

No matter your project needs or location across Australia, Topcamps has a portable camp solution to suit your specific project.

Our wide range of rapid deployable buildings ensure you have access to high-quality, remote camp and building solutions whenever and wherever you need them. We'll work with you to create an outcome that supports the success of your project.

FAST AND EASY TRANSPORTABLE CAMP SOLUTIONS FOR ANY PROJECT

Topcamps offer fast, deployable building solutions for a range of clients for remote conditions, from building contractors and subcontractors to mining site offices, and accommodation.

OUR RANGE

- Portable site offices
- 2 - 90 person rapid camp infrastructure
- Portable kitchens and break rooms
- Amenities and ablutions
- Non-potable water & waste management

WE WORK WITH YOU TO UNDERSTAND YOUR NEEDS

Topcamps provides a wide range of cost effective solutions to meet your camp requirements. We work carefully to understand your needs, and our goal is to provide you with quality camps that support your operational excellence - whatever the size.

EXPERIENCED

Privately owned with extensive experience, we work on projects large and small, from single office spaces through to large scale remote accommodation and camp facilities.

COMPREHENSIVE

A comprehensive fleet of transportable, multi-purpose buildings for a range of project sizes configured to suit any requirement across Western Australia.

COST EFFECTIVE

Fast and cost-effective rapid solutions for a variety of projects, fully customisable to suit your project and workforce, no matter the location.

OUR SOLUTIONS

Topcamps offer transportable camp and building solutions for a range of clients. Our demountable and trailer mounted buildings are quick to deploy, fast to set up, and require low maintenance.

Our goal is to provide you with quality remote camp solutions that support your operational excellence, providing solutions for mine and exploration sites across Australia.

Accommodation solutions

Topcamps offer a wide range of transportable remote camp solutions which can be rapidly deployed, and can house from 2 to 90 team members.

Affordable remote camp options can be provided to suit the needs of your team, from accommodation only, through to executive style rooms containing ensuites.

Commercial kitchen and dining solutions

Topcamps has the right portable commercial kitchen and dining hall solutions to support your project.

From mobile camp kitchens to fully equipped mess halls, our customisable, cost effective, and scalable solutions allow you meet the needs of your project - now and into the future.

Ablution and laundry solutions

Topcamps fleet includes a range of ablution, laundry and amenities blocks equipped with linen storage, washers, and dryers.

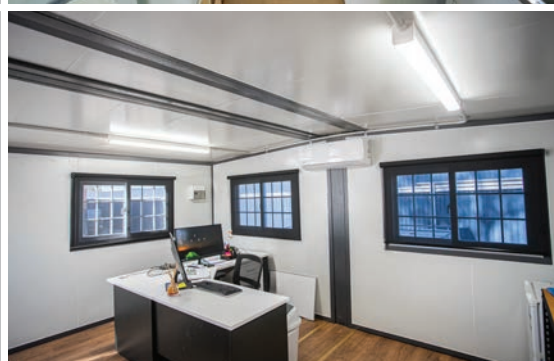

These portable buildings can be easily moved as needed and can be set up for temporary applications, or semi-permanent use for extended projects.

Additional solutions

Topcamps has a range of additional solutions to suit your project. From portable and open plan site offices equipped with air conditioning, through to fuel, food and water storage, generators, sewerage plants, and even gymnasiums.

Topcamps is able to provide everything you need for a fully customised remote camp solution for your team.
